## About Belararox

Belararox (BRX) is a mineral explorer focused on securing and developing resources to meet the surge in demand from the technology, battery, and renewable energy markets. Our projects currently include the potential for zinc, copper, gold, silver, nickel, and lead resources.

Belara is our primary project and is located in New South Wales approximately 50km south-east of Dubbo in the East Lachlan Orogen. The main target in the project area is highly prospective for zinc, copper, lead, silver, and gold is located on the prospective trend for known VAMS mineralisation that was mined at the Belara and Native Bee underground mines in the 1800s and has been explored from the 1960s until the present day.

Our second project is located near the 3MOz Bullabulling site in Coolgardie Western Australia and covers 49km<sup>2</sup>, is 100% owned for gold and nickel exploration.
