ASX Announcement 29 August 2023**

Retraction of Geochemical Results

Belararox Limited (“**BRX**” or “**the Company**”) released an announcement on 29 August 2023 on the commencement of regional base metals exploration at its Belara Project in New South Wales. Following discussions with ASX, the Company retracts Table 1 on page 8 of announcement, all references to the rock chip assays in relation to rock chip sampling collected by previous explorers at the Ben Buckley Mine and associated geochemical data.

The retracted information is not consistent with ASX Listing Rule 5.7.1 in that the historical rock chip assays have not been prepared in accordance with the JORC 2012 Code.

As a consequence of the retraction of the information referenced above, the Company advises that investors should not rely on the retracted information for their investment decisions.

This announcement is authorised for release to the ASX by the Board of Belararox Limited.
